

Oyster Lights (Oysters)

More than 200 incandescent, halogen and fluorescent oysters are on display in our showroom. Both modern and traditional styles from over 50 companies.

Oysters come in a variety of sizes from 200mm up to 500mm diameters, with larger sizes available.

The larger oysters generally have two or three lamp holders installed in the fitting.

This site will give you some idea as to the type and variety of oyster style lighting available in our showroom.

Some oysters are available in various paint colours, or are plated gold, brass, satin chrome and chrome. Some even allow alternate glass selection.

Most oysters will also accept the energy efficient - long life light globes.

This type of lamp is not dimmable but does last up to "10 thousand hours" depending on the brand and model.
