

Floor Lamps

Traditional standard floor lamps with shades Halogen uplighter Directional floor

lamp singles and doubles

Modern

Both low voltage and 240 volt.

In a range of colours styles and sizes.

Halogen uplighters with 300 watt lamps can light a lounge room and as most have dimmers attached can give you total control over your lighting.

Many are available with an additional directional light to provide higher task lighting.

Directional floor lamps either singles or doubles are ideal for task or effect lighting.

Many colours and styles on display. Suppliers
